

Taji Savings and Credit Co-operative Society Limited

Started in January 2021, Taji Sacco was formally registered under the Cooperative Society of Kenya on in December 2021. Before then, Taji had served its members informally, which members pooled and saved funds through a joint bank account.

The membership is strictly drawn from the Adventist Church Movement, those who have been baptized and whose memberships have been confirmed to be in regular standing.

Why join Taji?

1. Behold, how good and how pleasant it is for brothers to save together in unity!
2. Especially in view of the last days and eternity, pooling funds together with those of the same faith will prove much more beneficial.
3. At Taji, you are sure the investments that your savings will be employed in will not contradict your belief system.
4. Through Taji Sacco, the Adventists may pull together economically considering the impending troubled times ahead. "None of us are to strike out alone; we are to link up with our brethren, and pull together, and God will give us influence and self-control." - MM 46.2
5. Through Taji, we may jointly own the desired property with much ease.
